PASSIVE PLUS, INC. CAPACITOR APPLICATION PROGRAM
www.passiveplus.com

Huntington, New York – May, 2019

Passive Plus, Inc.'s brand new **Capacitor Application Program (C.A.P.)** helps Engineers and Designers select capacitors according to parameters such as cap value and frequency. C.A.P. will provide options (Case Size, Terminations, Mounting), and parameters (ESR, Q, Impedance) along with Datasheets. C.A.P. allows engineers to insert capacitor requirements (Cap value, Frequency), producing Scattering Matrices (S2P) Charts. Once engineers have determined their capacitor requirements, C.A.P. also includes online Requests For Quotes (RFQs) and/or sample requests.

The C.A.P. can be found on the PPI website, www.passiveplus.com.

PPI is a manufacturer of high-performance RF/Microwave passive components for the Medical, Semiconductor, Military, Broadcast, and Telecommunications Industries.

PPI specializes in High-Q, Low ESR/ESL Capacitors, Broadband Capacitors, Single Layer Capacitors, Non-Magnetic Resistors (High Power and Thin Film) and Trimmer Capacitors.

PPI is ISO9001:2015 certified.

PPI is known for the outstanding Customer Service and RF Engineering Support.

Contact Passive Plus directly at (631) 425-0938 or sales@passiveplus.com for quotes, pricing, orders, custom requests or specific engineering questions.
